collection

Private pool villas
and a luxurious
Presidential Suite

Open-air opulence,
private infinity pools
and sweeping
lagoon views

THE PRESIDENTIAL SUITE

SANCTUARY

The new 450 square metre (4,800 square foot), three bedroom Presidential Suite is located at the tip of the Resort's private island, providing a luxurious hideaway in the heart of the property. With an 80 square metre patio, a heated swimming pool with panoramic lagoon views, whirlpool and day bed pavilion, the Presidential Suite's spacious exterior perfectly complements the generous interior living spaces.

The understated elegance of the decor's soft and light ambience provides a fresh, chic and contemporary feel, while subtle textures bring in destination character through the white reed ceilings and artistic detailing. In the master bedroom, awaken to views over a sunrise

infinity pool, or enjoy leisurely mornings soaking in the tranquility of the adjacent private pool terrace. In the stylish master bathroom, an outdoor shower area and double vanity await, with a natural sandstone bathtub sitting beneath an ornate glass link chandelier.

To allow complete flexibility to those travelling with extended family or friends, the Presidential Suite offers optional connectivity to the two adjacent One Bedroom Ocean Pool Villas via a private outdoor corridor, to form a secluded five bedroom Presidential Suite Sanctuary that can sleep up to 14 guests.

SANCTUARY POOL VILLAS

Situated on the Resort's private island, the six Sanctuary Pool Villas offer a choice of prime ocean and beach-front locations, with convenient access to the main pools, beaches and leisure activities. The two Sanctuary Ocean Pool Villas and four Sanctuary Beach Pool Villas offer a rustic elegance in design, with fresh, light colour schemes providing a homely, yet chic, ambience.

A spacious indoor lounge looks out over a private, heated swimming pool, patio area and tropical garden. In the lounge's interior, panel blinds edge the floor to ceiling glass patio doors to create an uncomplicated and spacious feel, while a choice of seating is offered by a dining table and chairs and a comfortable, white leather sofa.

All of the Sanctuary Pool Villas offer the option to interconnect to the neighbouring One Bedroom Beach Pool Villa or Ocean Pool Villa and feature the spacious, open-plan bathroom design of all of the Resort's One Bedroom Villas - including a private dressing area, deep soaking bathtub, indoor shower and outdoor shower area.
