ilā

ILA

Meaning 'Earth' in Sanskrit, 'ila' reflects the faith in the power of nature as the source of real wellness. Using only the finest natural plant and mineral ingredients, wild-harvested in remote, untainted regions by artisan producers who value traditional, sustainable practices, ila promotes its products from earth to skin. By ensuring the unique purity of each and every ingredient, ila reaches beyond the physical to nourish emotional and spiritual wellbeing too.

Sodashi

SODASHI

Wholeness. Purity. Radiance. That's the meaning of the Sanskrit word Sodashi, and it perfectly describes the values by which all of the brand's chemical-free skin care products and spa therapies are created – without compromise. Sodashi products and spa treatments employ only therapeutic-grade, ethically-sourced essential oils and plant actives to effectively heal and nurture. From seed to shelf, Sodashi remains true to its name, dramatically regenerating the skin, and imparting a deep sense of wellbeing to spirit and mind.

COCO DE MER

150 minutes

A tribute to the many tales of love that the Coco de Mer has inspired throughout the ages, this sumptuous ritual encourages us to love ourselves. This ritual begins with an invigorating Coco de Mer body scrub, and a nourishing body mask. A massage with rich Coco de Mer body butter follows, before a relaxing floral bath, complemented by beautiful bay views and a refreshing coconilla drink. A final application of Coco de Mer body lotion leaves the skin luminescent and soft.

RITUALS

OUR DEEPLY SOOTHING RITUALS COMBINE A VARIETY OF SPA TREATMENTS TO CREATE A MULTIDIMENSIONAL EXPERIENCE.

ILA STARLIGHT EXPERIENCE

90 minutes

Starting at 7pm, you will live a memorable experience exclusively created by ıla to enjoy under the stars. This warming Potali treatment is inspired by Ayurvedic healing traditions. Our unique earth and fire essential oil blend is applied and facilitated with rhythmic, fluid massage over the whole body. Herbal Potli bags are saturated in warmed pine, amber and frankincense and worked with rapid movements following the pathways of ida and pingala (feminine and masculine energy). This treatment soothes away muscular fatigue and joint pain while encompassing complete polarity within the body.

CHAKRA WELL-BEING

150 minutes

Seven blends of essential oils, chosen for their harmonising qualities with each of the seven chakras, form the basis of this exquisite treatment. Personalised to the individual needs of each recipient, the journey to well-being involves deep relaxation of the nervous system, sensuous lymphatic drainage, subtle healing of the chakras and the pouring of warm oil over the third eye to relax and revive the senses.

KUNDALINI DEVI

120 minutes

This deeply relaxing ritual journeys into the mystery of the self. It starts with chakra purification using sage smudge sticks. A kundalini back and leg massage follows, using yogic healing, chakra balancing and hot poultices before enjoying the Ananda facial to leave your skin with a healthy glow. This deeply balancing sequence brings heightened awareness, enhanced joy and inner peace.

RITUALS

SHIRODHARA

120 minutes

Deeply relaxing to the nervous system, this East Indian therapy takes the mind to another level of consciousness. Two therapists perform a synchronised Abhyanga full body massage using warm oils to balance specific dosha types. A stream of warm coconut oil is then poured onto the centre of the forehead – the 'third eye' chakra – inducing a deep sense of stillness whilst intensely nourishing hair and scalp.

JET-LAG RECOVERY

120 minutes

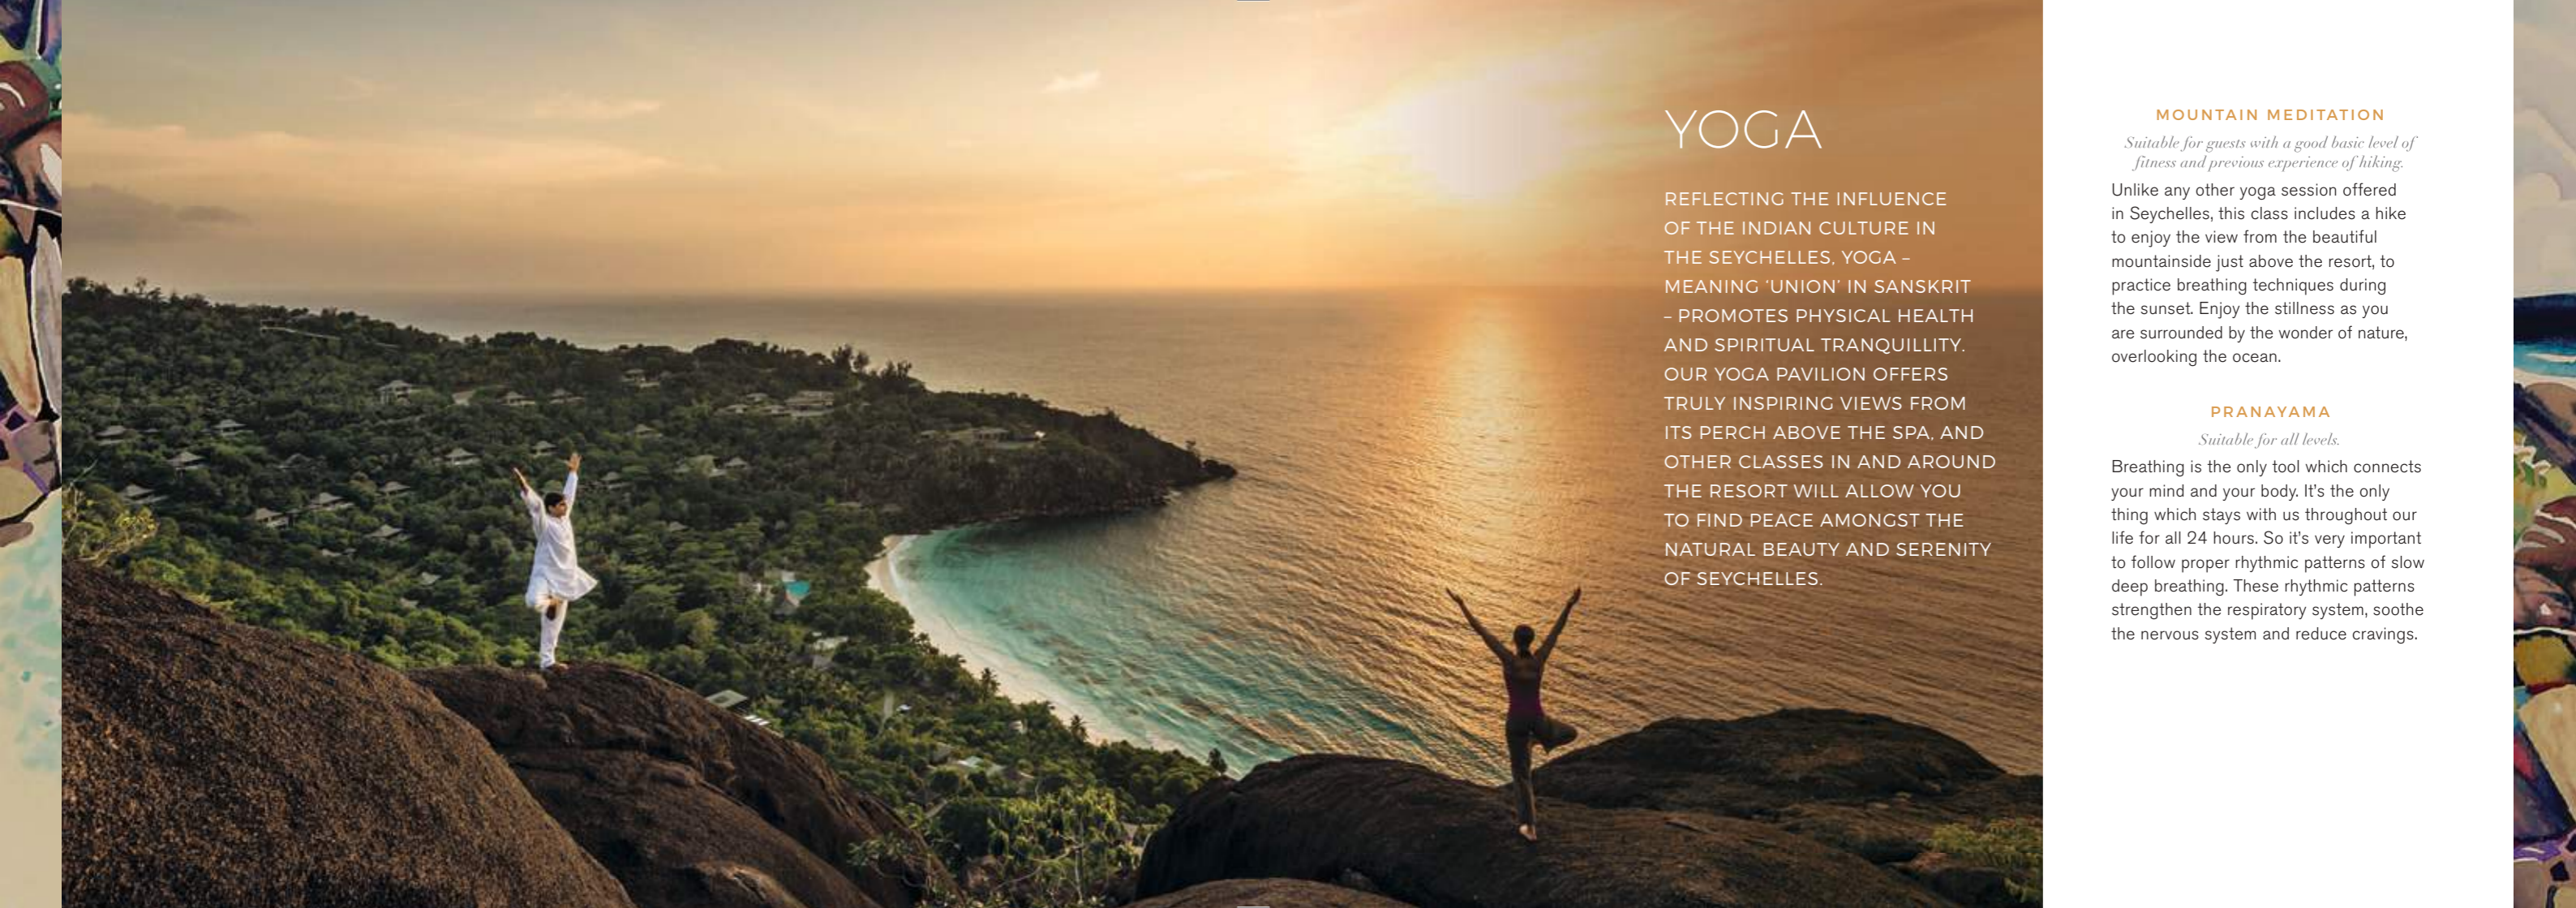

This balancing face and body treatment re-energises the whole system. To begin, invigorating body brushing reduces fatigue and stimulates circulation. Sodashi's natural purifying body mask is then applied to relieve sluggishness and congestion, and the body is cocooned in a comforting wrap. A relaxing scalp and foot massage and application of jet-lag recovery tonics follow, before an energising facial, rich in marine extracts, to awaken and rejuvenate the complexion.

BLISSFUL CONNECTION

180 minutes

This nurturing ritual for couples starts with a romantic love ritual and focuses on the sacral, heart and crown chakras and involves a combination of exquisite essential oils: jasmine to stimulate the flow of love; rose to promote deep love; and orange blossom to uplift the soul with higher energy. Performed side by side, the ritual includes a full body scrub, chakra healing techniques, a private bath, a full body marma massage to open the energy fields and to harmonise the mind, body and spirit. This ritual concludes with a full facial leaving your face glowing and radiant.

YOGA

REFLECTING THE INFLUENCE OF THE INDIAN CULTURE IN THE SEYCHELLES, YOGA – MEANING ‘UNION’ IN SANSKRIT – PROMOTES PHYSICAL HEALTH AND SPIRITUAL TRANQUILLITY. OUR YOGA PAVILION OFFERS TRULY INSPIRING VIEWS FROM ITS PERCH ABOVE THE SPA, AND OTHER CLASSES IN AND AROUND THE RESORT WILL ALLOW YOU TO FIND PEACE AMONGST THE NATURAL BEAUTY AND SERENITY OF SEYCHELLES.

MOUNTAIN MEDITATION

Suitable for guests with a good basic level of fitness and previous experience of hiking.

Unlike any other yoga session offered in Seychelles, this class includes a hike to enjoy the view from the beautiful mountainside just above the resort, to practice breathing techniques during the sunset. Enjoy the stillness as you are surrounded by the wonder of nature, overlooking the ocean.

PRANAYAMA

Suitable for all levels.

Breathing is the only tool which connects your mind and your body. It's the only thing which stays with us throughout our life for all 24 hours. So it's very important to follow proper rhythmic patterns of slow deep breathing. These rhythmic patterns strengthen the respiratory system, soothe the nervous system and reduce cravings.

POWER YOGA

Suitable for guests with a good basic level of fitness.

Power yoga is a total body workout that creates longer, leaner muscles and a body with more mobility to improve circulation. This class clears out all the static in both the body and the mind to prepare you for meditation.

MAT PILATES

Suitable for guests with a good basic level of fitness.

Pilates builds a strong foundation of core stability that results in better posture, improved alignment and decreased pain. Pilates trains the body as an integrated whole; creating optimal muscle balance in strength and flexibility.

HATHA YOGA

Suitable for all levels.

The ancient Hatha yoga postures chosen in this session are slow in nature. Mindfulness is the key element in this practice. This session cycles between stimulation and relaxation giving you the clear experience of effectiveness. It ends with breathing and meditation practice.

SPINAL CARE YOGA

Suitable for all levels.

Regular practice of Spinal Care Yoga increases flexibility. With this, you will notice that you can bend and stretch your spine in ways you never have before. These postures are designed to integrate and benefit the whole body by lengthening connective tissue, expanding range of motion and improving posture.

YOGIC RELAXATION

Suitable for all levels – As this is a guided meditation, a basic understanding of English language is required.

Stimulating Asanas, based on Ashtang Yoga of Patanjali, followed by deep relaxation, will take you to a higher level of awareness, inducing harmony and peace by releasing mental, emotional and muscular tension.

YIN YOGA

Suitable for all levels.

This type of Yoga is gentle, calming and therapeutic and uses props to support the body as it eases into relaxation and balancing postures.

LAUGHING YOGA

Suitable for all levels.

This session starts with gentle warm-up techniques which include stretching, chanting, clapping and body movement. Breathing exercises are used to prepare the lungs for laughter, followed by a series of 'laughter exercises' that combine the method of acting and visualization techniques with playfulness.

FITNESS FUSION

Suitable for guests with a good basic level of fitness.

This is the combination of body weight workout and Yoga stretching. This hybrid workout will torch calories, chase away boredom, and tone your physique. The result: You can burn anywhere from 600 to 1,000 calories in an hour.

For a schedule of complimentary and payable classes, view the yoga calendar at the back of this brochure.

Wear whatever is comfortable for you. We recommend wearing no clothing for most treatments, though you may wear undergarments if you prefer (optional disposable underwear is provided in each treatment suite). All Four Seasons therapists are highly skilled professionals who are trained in draping procedures to ensure your complete comfort and privacy.

WHAT IF I HAVE SPECIAL HEALTH CONSIDERATIONS?

Please notify the spa before booking your treatments if you have high blood pressure, allergies, any physical ailments or disabilities, or if you are pregnant. Please let us know of any other health concerns you may have.

WHAT IF I AM PREGNANT?

In the first trimester of pregnancy, for your own safety and the safety of your child, we do not provide any massages or body treatments. For the second and third trimester we do offer our pregnancy massage which is tailor-made for pregnant ladies. Facials and nail services may be enjoyed during all pregnancy.

WHAT IF I WOULD LIKE TO RECEIVE A TREATMENT IN THE PRIVACY OF MY VILLA?

We are delighted to offer you our spa treatments in your villa. A 100% supplement would apply and please allow 15-30 minutes prior to your booking for the set-up and preparation.
